Medical Release: Must be completed by a counselor, physician, other medical practitioner, or therapist, for which you are under direct care. If you're not sure call Gayle Cunningham – per below

The above individual has requested to participate in the Veteran Machine Gun Shoot. Participants will be firing machine guns of various types and calibers, with coincidental noise volumes that will increase in volume and have various pressure waves, recoil, and physical stressors associated with handling heavy firearms. Tannerite explosives will be used for visual effects. Loud noises on medically susceptible individuals can be unpredictable.

While this event provides an opportunity for camaraderie and support to our wounded Veteran's, the safety of our Veteran's and all participants is paramount.
